**Contra Costa Community College District Bid No. 4CD-82**

**CCC Autostacker Parking Lift**

**REQUEST FOR BIDS**

**ADDENDUM No. 1**

**Question and Answer:**

1. **Question:** Can you please tell me if there is a cost estimate/budget for the above project?

**Answer:** \$100,000 to \$130,000

2. **Question:** Also, is there a set date in which work will begin?

**Answer:** As soon as possible once the PO is released.

3. **Question:** Mandatory Pre-Bid Meeting: due to the current situation in California and other locations, I don't foresee the ability to get one of our installers to visit the site. Please advise if we can either attend via Zoom or Phone call, or if there is a waiver we can sign that would satisfy this requirement.

**Answer:** No. Your presence at the mandatory onsite pre-bid meeting is critical to get the full grasp of the project. State and county guidelines on COVID-19 to be followed. Face covering is required.

4. **Question:** Electrical labor: this is an uncommon request-- can we find out more about what is needed here (how long the hookup needs to be, hookup locations, etc.)

**Answer:** Your presence at the mandatory onsite pre-bid meeting should be able to determine the above needs.

5. **Question:** We are a “cooperative name”-awarded Vendor for Autostacker and other brands of equipment. We are also the only company that bid a full-fledged service program through “cooperative name”: (link provided). Would CCC consider using our contract for this project?

**Answer:** The college is moving forward with this RFB process.

6. **Question:** I was wondering if there was a bid package (drawings) for this project yet or is this a site visit then prepare pricing?

**Answer:** There is no bid package (drawings) for this project.

Please make sure to acknowledge receipt of this addendum by marking the addenda/amendments acknowledgment portion of the signature page on **page 9** of the RFB.

All other facts and specifications to this bid remain unchanged.
